This plan has been designed by Darren Lindsay (Cert. No.2253008199) in accordance with Australian Standards. The plan has been designed for the safe movement of vehicles onto and off the Australian Hearing Hub Building Site. At all times consideration is given to pedestrians to ensure their safety. Western Road will only be used when vehicles cannot turn in due to turning radius. If you have any question please contact Darren Lindsay on 0400441775 or 83389207.
